

O'Sullivan Creel, LLP

Located across the Gulf Coast of Northwest Florida and Alabama, O'Sullivan Creel is one of the Southeast's largest full-service public accounting and consulting firms. We offer an integrated approach to financial services delivered by a strong team of 26 partners and more than 150 team members located in Crestview, Destin, Fort Walton Beach and Pensacola, Florida, as well as Foley and Fairhope, Alabama.

Our professionals have in-depth knowledge and years of experience qualifying them to evaluate, analyze and understand a wide variety of client situations. From tax returns and accounting services to audits and employee benefits planning, the professionals of O'Sullivan Creel work closely with community and business leaders to take them to the next level.

O'Sullivan Creel is dedicated to staying a step ahead so that all of your expectations for accounting, tax, and other financial needs are met.

Saving business owners' time and money is critical in today's marketplace. Many have found that outsourcing some or all of their bookkeeping and accounting functions is an effective solution to improve business operations. This allows clients the time to focus on what they do best - running their business.

Our small business team can either complement or replace an internal accounting department. Whether its assistance with the implementation of a fully computerized accounting system or support with periodic bookkeeping, our accounting professionals have the experience and knowledge to provide a wide variety of services.

Our services include:

- Accounting software training
- Complete data entry
- Off-site data backup
- Certified QuickBooks ProAdvisors
- Bank reconciliation
- Payroll and sales tax returns
- Preparation of financial statements
- Around-the-clock access to data from anywhere
- Advice and oversight to build cash flow
- Meetings online or by phone to discuss problems or concerns
- Responsibility for hardware, software, and technical support

From bookkeeping to managing cash flow, our team can objectively and knowledgeably replace or supplement various levels of in-house resources, enhancing the internal control environment, improving the timing and accuracy of accounting functions and decreasing administrative burden.
